Using eTwinning in KA2 School-To-School Partnerships

CZ NA and eTW NSS contact seminar

Dates: 29. 8. – 1. 9. 2018

Place: Prague

Working language: English

Number of participants: 50 (25 ERA+ teachers and 25 eTW teachers)

Costs for sending NA: only travel costs

The CZ NA (School education unit) would like to invite participants from your countries to the contact seminar "Using eTwinning in KA2 School-To-School Partnerships".

Target group: teachers in secondary education (age of pupils 12 – 19). Participants should be interested in learning about eTwinning and realization of KA2 School Exchange Partnerships with the use of eTwinning. The pre-existing knowledge of eTwinning is not necessary, however, the participants must be registered in eTwinning before the starting date of the seminar.

Themes and goals of the event:

This contact seminar is hosted together by CZ NA (the School Education Unit) and CZ NSS for eTwinning and its main aim is to promote the synergies between Erasmus+ and eTwinning, inspire participants in using eTW portal for communication and collaboration in ERA+ KA2 projects and to help create networks among teachers involved in ERA+ and eTW projects.

The capacity of the seminar is set at approximately 25 participants registered through ERA+ NAs and 25 eTwinning teachers registered through eTW NSSs.

Expected results:

eTwinning as a portal for communication and collaboration in ERA+ School Exchange Partnerships projects will be introduced to the participants and they will be offered the opportunity to meet with eTwinning users. On the other hand, the eTwinning participants will be given the opportunity to learn about the Erasmus+ programme, especially about their possibilities in the KA2 School Exchange Partnerships projects.

The participants themselves are expected to take active part in the seminar, to become familiar with eTwinning and its possibilities in KA2 projects and to make contacts with teachers from other countries in order to find partners for KA2 project with the use of eTwinning.
