Subject: FW: Erasmus Plus Capacity Building in the Field of Higher Education

I am writing on behalf of the **University of Central Asia (UCA)**, a regional university with operations in Tajikistan, Kyrgyzstan, Kazakhstan, and Afghanistan. UCA is applying for the "Capacity Building in the Field of Higher Education" project under the European Union's Erasmus Plus program. **We are proposing to build the capacity of selected public universities in Tajikistan and Afghanistan to offer training and testing for international skills certifications, such as TOEFL, International Computer Driving License (ICDL), and London Chamber of Commerce and Industry (LCCI) qualifications.** Towards this end, we are seeking partner universities in Europe to provide technical assistance to the target universities and share experience and best practices. Would you be able to recommend universities in Europe that might be suitable partners for us? We have already identified one university partner in Europe and are searching for two more. I will be glad to provide further information if needed.

Thank you, in advance, for your support. We look forward to hearing from you soon!

Best regards,
Laila
