PROJECT DESCRIPTION:

Objectives

I would like to express my sincere thanks for the interest you presented to develop an Erasmus + project with our university. The main aim behind developing this project will be to benefit from your experiences and your expertise in the management of Erasmus projects and also to associate our university with your institution in the Erasmus+ project in order to facilitate the international mobility of credits, student and staff and also to undertake joint projects in the development and the reinforcement of the capacity of the higher education through the development of projects of common interests that have an impact on the quality of education and / or socio-economic fields (employability). This project then allow us to reduce the rate of failures and to increase the proportion of students graduated from higher education (bachelor and master) to ensure their employability as well as to contribute to local development. Also, to exchange linguistic, intercultural and professional skills between our two universities. Concerning the university staff our project will enable them to Acquire knowledge and expertise , to enrich the content of lectures, to develop the professional network, to contribute to the modernization and international opening of the university.
