## Welcome to Mobility Tool+

### About the tool

Mobility Tool+ is the system for the management of Mobility and/or Partnerships projects that received an EU grant under the Erasmus+ Programme.

If you belong to a Beneficiary Organisation or to a Partner Organisation in a Strategic Partnership for schools only, you will be able to provide all the information on your projects: identify participants, complete and update budget information, generate and follow-up participant reports and generate and submit your report(s) to your National Agency. You will also be allowed to grant permissions to change or view the project's content to your Partner Organisations.

If you belong to a Partner Organisation in a KA1/KA3 mobility project or in a KA2 Strategic Partnership (other than schools-only), you may be granted permissions to change or view the project's content by the project's Beneficiary Organisation. Please contact your Beneficiary Organisation accordingly.
