REASONED ROLES IN PROJECT COORDINATION

General planning of activities
(national coordinator)

Actual work and cooperation

Reporting and monitoring

Co-funded by the Erasmus+ Programme of the European Union

SPECIAL EFFORTS IN PROJECT COORDINATION

- Flexibility in management of changes (i.e. EU partners' responsibilities, arrangement of working groups, re-scheduling of activities).
- Coordinating of the project activities that are hosted and held by Ukrainian partners.
- Sufficient workload in managing reporting and financial documents.
- Extra-effort in education and establishing standards for reporting and communications (as for many partners this complicated project was their 1st experience in Erasmus).

EXPERIENCE SHARING: THE MOST IMPORTANT

Work together

Well-proportioned work between international and national coordination

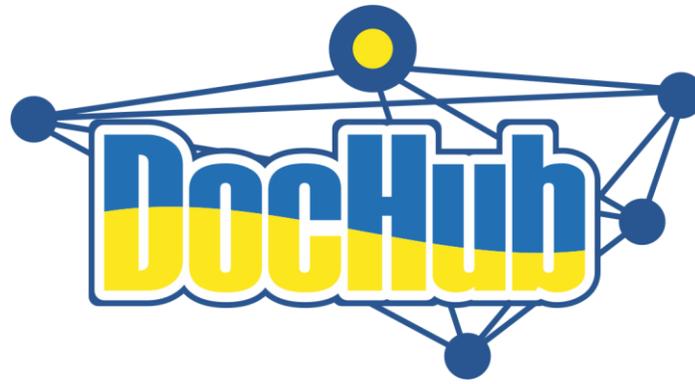

Establishing national network

Learning from each other

Supporting each other

Discussing and explaining

Enjoying collaboration
