## About

Welcome to the Erasmus+ Project Results Platform.

This database will give you access to descriptions, results and contact information of all projects funded under the Erasmus+ programme and some of the projects funded under its predecessor programmes in the field of education, training, youth and sports.

You can find inspiration from the pool of good practices and success stories, i.e. projects that distinguished themselves in terms of policy relevance, communication potential, impact or design.

You can type keywords in the above search box and/or use the advanced search options to find the project(s) you are interested in.

ICT - new technologies - digital competences

Pedagogy and didactics

### Summary

Technological advances have affected many areas of our lives: the way we communicate, collaborate, learn, and, of course, teach. But what does being a 21st-century teacher really mean and what and how has educational environment changed, students changed? Whilst collaboration between teachers and students, students and teachers is much talked about and known, the collaboration between students and students and teachers and teachers to change the role from the passive students to active, on collaboration centered activities, is quite poorly understood. Where is the balance between using handouts and worksheets and
