C. Two separate comparative studies on policies in the area of health (health access) and immigration policy at EU level are conducted and published.  
D. At least two campaigns on EU values, governance and institutions are organized per year.

### We are searching for:

<b>Types of institutions</b>	<p>We are searching for Higher Education Institutions (HEIs) from Programme countries which currently offer or are planning to offer any of the programs of our existing and proposed academic programs. Besides, HEIs that have already implemented similar projects are preferable.</p> <p>Other potential members of our Consortia could also be non-academic organisations active in the health related sectors i.e. health centers, professional associations, etc.</p>
<b>Country/Region</b>	We are searching for partners from all the Programme countries.
<b>Institutions' profiles</b>	<p>Generally, we are searching for HEIs that are interested to further diversify their international cooperation portfolio with a very flexible, efficient and experienced HEI from Kosovo, the most EU-centric country in the Western Balkan.</p> <p>Those partners are expected to guide us and other potential partners from Partner countries through their expertise in respective fields.</p>
<b>Other relevant information</b>	<p>Heimerer College is a German-Kosovar Institution of Higher Education, known for its high quality of education services, research and networking in Kosovo, region and EU.</p> <p>We have experienced staff on project development and implementation, involving multiple domestic and international partners, mainly, funded by the European Commission through its programs such as Tempus and ERASMUS+.</p>
