Information about the Project

Possible Title: "Together in sickness and health"

Our main themes are:

- To promote sustainable cooperation between partners from different sectors in order to create employment for disadvantaged women and to enable their active involvement in society and integration into the labour market.
- Increasing women's employability and entrepreneurship
- Cultural Exchange among the countries
- To strengthen the relationship among the countries.
- To exchange and use the educational information and education principles.
- Improve women's knowledge about the EU Citizenship.
- Improve women's knowledge about the ICT.
- We also intend to find out how other countries deal with this issue and what kind of methodologies they use to increase women's employability and entrepreneurship .
- And also what type of training courses offered and requested.
- Encourage all the target groups to learn a foreign language .

Objectives:

- To disseminate and try to give opportunity to the disadvantaged and unemployed women to gain new working areas in the society.
- To exchange the possible ways to work together and methods to intervene.
- To get to know different realities and sharing - best practices.
- To stimulate development of cross-sectorial partnership projects for diadvantaged and unemployed women.
- To explore possibilities of the Erasmus+strategic partnership programme, in addressing the issues that these women are facing.
- Inclusion study results & conclusions
- Terminology & definitions - whom do we talk about
- Different realities (EU, national, local..)
- Sharing good practices & methods to reach out and guide to find the work possibilities for these people .
