Latitudequation is a company that operates across Lisbon Metropolitan Area and Peninsula of Setubal (also known as Tagus Valley), as well across the Medium Tagus region in the center of Portugal (including cities as Tomar and Fatima), with special prevalence in Lisbon and Tomar.

At Latitudequation, we are experienced in organizing internships for students from different fields, as well as diverse working programs for education sector staff. We work with many companies, from small and medium-sized firms to large business groups, in order to obtain quality and diversified work placements. We also have a large networking in vocational training and scholar education.

What are the activities and experience of the organisation in the areas relevant for this application?

The company was formed as a result of its founder experience, over the past 25 years and with substantial success, working with European Commission's programmes, from Petra in late eighties/early nineties, to Lifelong Learning Programme (including Leonardo da Vinci, Grundtvig and Comenius Actions) - in mobilities for people in the labour market, for those in initial vocational training, in transfer of innovation and development projects, adults education, scholar and education projects, students exchanges and teachers mobilities for training. As sending, intermediary and also hosting organization, we have gained a vast amount of valuable experience, which could contribute to high quality and successful projects

Please give information on the key staff/persons involved in this application and on the competences and previous experience that they will bring to the project.

Our founder has experience with international projects and partnerships from all over Europe (Finland, Greece, France, United Kingdom, Italy, Czech Republic, Slovakia, German and Spain) and with educational projects from Portugal to Lusophone Africa, for the past twenty five years. Also participating in CEDEFOP and EFVET meetings, conferences and working groups. With this experience the founder surrounds his self with multitask and different background professionals, whose currently work with him and constitutes Latitudequation International Projects team. From experienced to younger and innovative ones, all team members are multifaceted and have international experience and training.
