

# INTERACTING with ERASMUS+

## QUALITY TRAINING DESIGNED TO MEET YOUR NEEDS

Tailor made training events throughout the year AND structured one week courses held in European capital cities during school holidays.

OUR **COURSES** are Dynamic, Creative and Practical.

OUR **METHODS** are modern, competence driven, drama and game based with active and peer to peer learning.

**OUTCOMES** of our training: enhancing teachers' skills, confidence and competence in communication, literacy and ICT, improving communicative competences for native speakers and improving language skills for learning in CLIL and non-bilingual foreign language learning, enriching working with special needs, building classroom resources, creating a European Dimension and working with technology in the classroom.
